Message from the Chairperson

For us, 2016 will be remembered as the year Sukarya went global. We were recognized in Washington D.C. for our good work in maternal and child's health and nutrition, key gender equality issues like economic empowerment, increasing educational opportunity, and civic engagement. We also expanded Sukarya's operations beyond India's borders with the establishment of Sukarya USA. The latter also became a non-profit partner for the GlobalGiving Foundation in Washington DC, the world's first and largest crowd funding community.

Credit for these achievements goes to the tens of thousands of beneficiaries, teams of volunteers, staff, and trustees. Our collaborative endeavor at the ground level has inspired me to stay committed to our mission of creating a healthier society. However, much work remains to

be done. As we know, as many as 85% of pregnant women in India still suffer from anemia according to the Center for Reproductive Rights & Maternal Mortality. Other causes of death include hemorrhage, anemia, infection, obstructed labor and other complications due to abortion, iron deficiency and poor nutrition.

It is undeniable that women in India battle high gender inequality in terms of access to health, education, nutrition, and family planning. Physically, emotionally and financially, they are forced to play secondary roles for their existence. It is extremely important to address these crucial needs of the underprivileged women to improve their overall wellbeing to improve country's economic wellbeing. Sukarya has been working on implementing cost effective programs with measurable outcome metrics to protect and support maternal health through monitoring and supervision under physicians, introduction of iron-folic acid supplements, introducing community based activities to change cultural norms around reproductive health etc.

Further, for every maternal death, 20-30 women can suffer from long term disabilities, damage of the reproductive organs, infection, severe anemia, chronic pain etc. We have chosen to fight against these for the last two decades and currently, our programs for Urban Slum Health Action (USHA) are being implemented in 10 locations of Delhi and Gurgaon. We strive to provide quality access to primary healthcare services with the help of female doctors, nurses and medicine dispensers, education through the Education on Wheels program, creating awareness to bring in behavioral changes, and providing cost effective nutritional meals and methods.

We know that poverty and illiteracy limit women's knowledge about nutrition, safe delivery practices, and family planning. In spite of that all these drawbacks, we are determined to fight for their cause tooth and nail. In the coming 3 years, we will provide assistance to as many 11,000 women and bring hope to their lives.

With our increasingly global reach and scope, I encourage you to join us in bringing hope to the disenfranchised during this festive season.

Merry Christmas and a Happy New Year

Jese hulperty

Meera Satpathy Chairperson and Managing Trustee

Vision Statement

The mission of Sukarya is to focus on ensuring equitable access to quality health services for all including the poorest sections of the society, especially women, adolescents and children. All our interventions are designed and implemented to meet the following objectives :

To improve maternal and child health

To advocate, promote and sensitise communities on Primary Health Care, Reproductive Child Health and Family Planning.

To advocate, encourage and guide positive 'health-seeking behaviour with special emphasis on physical, mental and social well-being.

To empower women by strengthening their physical, emotional well-being and economic stability.

To provide humanitarian assistance to areas affected by natural calamities such as cyclones, earthquakes and floods.

The vision of Sukarya is health for all. "Better Health, Better Society"; a society in which citizens enjoy holistic health and their well-being. Healthy and successful citizens contribute actively to overall growth of their family, community and the society.

We are founded on the firm belief that health is a fundamental right and nobody should be deprived of this basic right just because they do not have the resources to access quality healthcare services.

<u>Going Global</u>

In June 2016, our founder and chairperson, Meera Satpathy was nominated for and invited by the United State of Women Summit convened by the White House in Washington D.C. The purpose of the summit was to celebrate what women and girls have achieved, and how the women leaders were taking action to move forward, covering key gender equality issues, in order to make a powerful difference in our collective future. This was a huge recognition for Sukarya attributed to its good work in the area of key gender equality issues focused on Economic Empowerment, Health & Wellness, Educational Opportunity, Leadership, and Civic Engagement.

Following the USOW Summit, Sukarya, USA was incorporated as a non-profit in the State of Washington in the United States. The purpose of the new US operation is to support the mission of Sukarya in India to fight against maternal morbidity and infant mortality by providing quality basic health care services, nutrition and empowering them at the grassroots level while increasing awareness of this mission in the United States through raising funds, volunteerism, partnerships and collaborations at different levels. As a result, just before the end of the year, Sukarya earned a permanent spot in the GlobalGiving Foundation, the Washinton DC based world's first and largest crowd funding community for its Education on Wheels project. There are many more collaborative opportunities in the pipeline for the coming years.

ANNUAL REPORT - 2016

Year in review 2015-16

PROGRAMS

- Maternal Child Health and Nutrition [MCHN] Interventions
- Women Empowerment and Livelihood
- Model Village Integrated Rural Development Project [IRDP]
- Education on Wheels [EOW] Program for Slum Children

GEOGRAPHICAL PRESENCE

Delhi	:	1 district South west [10 slums]
Haryana	:	3 districts Gurgaon, Faridabad and Mewat [64 villages and 4 slums]
Rajasthan	:	1 district, Alwar [3 villages]

REACH OUT / POPULATION COVERAGE

Slums	:	around 140,000 People
Villages	:	around 270,000 People.
Total coverage	:	around 410,000 People.

Providing Basic Health Care Services

Basic Health Care Services [BHCS] is a primary and foundation work of Sukarya since its inception in 1999.

The program is specifically meant and designed for the inhabitants living in the nearby slum around DLF, Gurgaon. The slum dwellers mostly consist of migrant, construction workers living with their families for years in vulnerable conditions with poor means and access of health facilities. The SUKARYA Swasthya Kendra [Health Centre] caters the basic primary health needs of community through curative and preventive health services.

PROGRAM FEATURE

- Twice-a-week OPD services for targeted community
- Health team comprised of a female doctor, lab technician, counselor and medicine dispenser.
- Health clinic providing general checkups, ANC& PNC checkups, counseling, medicines, laboratory checkups and nutrition supplements.
- Recruitment and training of community health workers for home visits and patient followups
- Celebration of Mother & Child Health days
- Mother and Child Health Days organized in collaboration with government PHC centre.
- Immunization facilities from the government as well as medical check-ups, counseling and medicines from Sukarya under one roof.
- Community Health awareness sessions and cleanliness drive.

HIGHLIGHTS & PROJECT PROGRESS

- Project covered the population of around 20,000
- 100 clinics were organized
- 3718 patients were treated
- 11 Health awareness sessions were organized
- 137 participants were exposed through the sessions
- 7 Mother and Child Health Days were organized
- Various IEC Exhibitions were organized

OUR IMPACT/TESTIMONIAL

"I was suffering with leg swelling before. As soon as I got in touch with Sukarya Swasthya Kendra, the doctor really helped me. It healed and I overcame the problem" says Meenakshi resident of Saraswatikunj slum, Gurgaon.

"I got all my antenatal checkups without any charges. Being a Bengali-speaking woman, I found it really difficult to explain things. However, here at Sukarya doctors were very helpful and understood my language which helped me understand the importance of these checkups. I really appreciated the kind of services I received from Sukarya's Health Centre" says Jhumma resident of Neemthala slum, Gurgaon.

Meenakshi at Sukarya's Health centre

Jhumma at Sukarya's Health centre

PHYSIOTHERAPY UNIT

Many people, especially manual laborers, domestic workers and women, suffer from muscoskeletal problems like arthritis and injuries due to occupational hazards and accidents. However, they do not have the opportunity to access the physiotherapy services required in these cases. To address this gap we set up the physiotherapy unit under the health centre to provide services either at subsidized rates or at no cost. The centre is equipped with the latest facilities including laser therapy, ultrasonic therapy, traction equipment, exercise equipment, among others.

Maternal and Child Health Interventions

USHA [URBAN SLUM HEALTH ACTION] PROGRAM

Project : "Tackling Malnutrition and Anemic Conditioning amongst Mothers [15-49 yrs] and Children [0-6 yrs] through Comprehensive Approach". Project period-3 yrs [annual extension]

The goal of this project is to help strengthen the detection, treatment, and prevention of malnutrition & anemic conditioning amongst mothers [15-49 yrs] & children [0-6 yrs] and to help combat some of the major causes of child mortality and morbidity through immunization and improved care at the community level. The project aims to support the provision of basic health services, contribute to the response to the nutrition issues and ensure that the marginalized population has access to basic health checkups, vaccines and essential medicines. The key objectives of the program are to improve maternal health, reduce maternal morbidity, reduce and prevent anemic conditioning. Overall, the goals are to reduce IMR [Infant Mortality rate], child malnourishment/malnutrition and child morbidity.

This comprehensive Maternal and Child health program is operational in slums of Delhi and Gurgaon, covering 10 slums with approximately 100,000 in population. The slum inhabitants are living in vulnerable conditions with little to no access to health care facilities. In circumstances where facilities do exist the services provided are inadequate and inefficient.

KEY COMPONENTS OF THE PROGRAM

- Monthly Health Clinics [A health team comprising of a female MBBS /MD doctor, nutritionist, lab technician, medicine dispenser along with project coordinator conducts clinics on monthly basis at each location and covers the targeted patients].
- Detection, treatment and prevention of malnutrition & anemic conditioning among mother & children.
- Provision of basic health care services like pregnancy tests, ANC& PNC health checkups along with counseling.
- Promotion of timely immunizations included in National Immunization Program.
- Promotion of adequate nutrition for mothers, infants and young children. Provision of nutrition Supplements.
- Promotion of basic micronutrients [Iron, Calcium, Iodine, Vitamin A]
- Promotion of home based and community-based nutrition solutions /dietary interventions to combat malnourishment and anemic conditioning among mothers and children.
- Nutrition sessions /cooking demonstrations /counseling.
- Awareness sessions and campaign on health, hygiene and sanitation.
- Home visits and follow-ups by appointed community health workers
- Establishment of referral mechanism and networking with government systems

ANNUAL REPORT - 2016

STRATEGIES

- Appointing community health workers at each location.
- Home visits and patient follow-ups by community health workers
- Involving of government frontline workers in program activities
- Networking and coordinating with government's health and ICDS department.
- Involving community people and stakeholders in awareness campaigns.
- Regular capacity building sessions for community workers and government frontline workers

HIGHLIGHTS AND PROJECT PROGRESS

- 71 Health clinics were organized
- o 3034 patients were screened & treated
- 422 pregnant women received ANC services
- 199 lactating women received services
- 1148 children [0-6yrs] received services
 - 353 pregnant women were identified as anemic and received treatment

 \odot

- 14 children were identified as malnourished
- 365 patients were followed up by community health workers
- 127 patients received nutrition Food supplements
- 16 group awareness sessions were organized
- 28 capacity building sessions organized for government's frontline workers [AWW, ASHA and ANM]
- Nutrition Cooking Demonstration was done and information on locally available cost effective sources of nutrition were given. This initiative covered 160 women.

ENVISAGED OUTCOME FOR THE PROJECT

- Malnutrition children were identified & provided with health supervision & community based care.
- Anemic women [pregnant & lactating] were identified & provided with health supervision
 & community based care.
- Community-based Nutrition solutions /dietary intervention to build healthy food practices and understanding which in order to reduce anemic conditioning & malnutrition.
- Overall knowledge, attitude and practice of community on health, maternal child health and nutrition would be positively changed.

12

ANNUAL REPORT - 2016

HEALTH & MICROFINANCE INTEGRATION

(A JOINT INITIATIVE OF Freedom From Hunger India Trust AND SUKARYA)

SUKARYA in partnership with Freedom from Hunger India Trust (FFHIT) initiated a communitybased health education & livelihood project in 30 villages of district Mewat, Haryana to address the issue of poor health and nutritional problems faced by women and children below 5 years of age. This project was implemented from December 2014 to March 2016, covering 18000 households with a population of approximately 90000 from 30 villages of Nuh and Tauru blocks.

Community based Health Education & Livelihood Project in Mewat, Haryana

THE JOINT INITIATIVE WAS ABLE TO ACHIEVE THE FOLLOWING MAJOR OUTCOMES

- 30 self -help groups were formed and strengthened
- 60 community health volunteers were identified, selected and trained to serve as a focal point in providing counseling, referrals and linkages to existing health services including active participation in monthly vaccination day organized by Primary Health Centers [PHC] and other required basic support.
- Capacity of 30 ASHAs and 30 ICDS workers was strengthened in terms of quality services follow up and monitoring. : Regular skills based training sessions also were organized to sharpen & improve their capacities and knowledge bringing sustainability in the project.

- SAM (Seviour Acute Malnourished) children identified and provided with community based care
- 6 paper bag production units were established, comprising of 6 master trainers and 36 team members. As a result, 33 families earned Rs. 37091 out of the production till 31st March 2016.

KEY STATISTICS

INDICATORS	ACHIEVEMENTS
No of Networking and Stakeholders Meetings conducted with AWWs, ASHAs, PRIs, MOICs, CDPOs, BSICDSs, BPMs & DPM NRLM and Bank Mangers	130
No. of Health modules developed on MCH, Nutrition & Anemia	16
No. of Training of Trainers sessions (TOTs) conducted with project team on MCH, Nutrition & Anemia	
No. of Module Based Health Education Training sessions conducted with 30 SHGs	480
No. of women participated in module based training regularly (women of SHGs, Pregnant & Lactating mothers	510
No .of Nutrition Recipe Demonstration sessions conducted with SHG women, Pregnant & Lactating Mothers	30
No. of women participated in cooking demonstration sessions	540
No. of Training sessions conducted with CRPs (CHVs & Govt.frontline workers)	10
No. of Government front line workers and Community Health Volunteers attended training sessions from 30 villages	130
No. of Workshops organized with Health, ICDS, NRLM and SHG women	03
No. of representatives and participants in workshops	109
No of SHGs formed	30
No of SHGs converged with NRLM	15
No of Monthly saving meetings conducted with 15 SHGs of Sukarya	180
Total amount saved in monthly saving meetings by the members of SHGs	160400
No of women selected and trained from 30 SHGs as Community Health Volunteers	60
No of Government Front Line workers selected, trained and involved in project activities	60
No of SAM Children identified and Provided Home Based Treatment	75
No of Govt. schemes and Provisions advertised among community	08

ANNUAL REPORT - 2016

INDICATORS	ACHIEVEMENTS
No of families benefitted from Govt. schemes	180
No of Home visits conducted by C.H.Vs & Govt. Frontline workers	3600
No of Counseling sessions conducted by Field supervisors, C.H.Vs & Govt. Frontline Workers	720
No of Cases Referred to AWCs, Sub Centers, PHCs, CHCs & DHs.	360
No of IEC Posters, Brochures, Booklets and wall writings developed on MCH, Nutrition Recipe, SHGs & Govt. Schemes	40
No of Training sessions conducted on paper bags making with 6 SHGs	12
No of women from SHGs received training on Paper bags making	49
No .of Paper bags production units established at 6 villages	06
Women earned through paper bag unit	37091

Nutrition demonstrations were also carried out in entire implementation area for pregnant mothers and children below 5 yrs of age. Emphasis is given on low cost and high nutritive diet.

QUALITATIVE IMPACTS TO NAME A FEW.....

- Several religious misconceptions and traditional old myths on child birth were clarified and newborn care, immunization, colostrums and exclusive breastfeeding improved in the targeted villages.
- With a new change of pattern in their eating habits, food intake timings, women eating together with other family members and distribution of food in favor of pregnant, lactating mothers and adolescent girls also improved.
- Men and mother-in-laws took women for institutional delivery and ANC check-ups
- Community health workers conducted home visits and gave counseling for women.
 Government front line workers are working more actively with added confidence and conducting awareness through MCH, nutrition and anemia modules.

TESTIMONIALS

1. Ms. Nina Kapoor CDPO

16

Nuh Block, Mewat

"This is the most fruitful concept of giving training to women in the villages. I feel grateful to Sukarya who is working for women and child health. I am sure now my village women will be healthy as well as the future generations too."

2. Mr. Abdul Rabb Asri

District Project Manager NRLM, Mewat

"When I started working with SHG women in the villages women could only get the insight of savings and loans. But Sukarya and FFHTI will influence the lives of these women through all walks of life, especially improvisation in their health status."

3. Noor Nisa

Panchgaon Tauru Village Mewat

"I heard from my friend who is a SHG member about the session on nutrition for children. I am not a member of SHG but the lessons from the sessions have benefited my 3year-old daughter who was suffering from anemia and malnourishment."

4. Rajbala

Member of Deepak SHG

Rangala

"I went to my maiden's home after taking the session on newborn care. I saw that Dai Maa in the village was covering the newborn with a dirty cloth. I shared my learning of the sessions with the Dai Maa and taught her about the do's and don'ts of the newborn care".

SUKARYA Collaborated with mMitra Voice a Call Program for Maternal and Child Health

SUKARYA collaborated with mMitra voice a call program for Maternal and Child Health which is supported by MAMA [a global alliance of Johnson and Johnson, UN Foundation, USAID, health alliance and BabyCenter). ARMMAN aims to reach across to one million urban poor women in Mumbai and other cities. The voice calls are in the local dialect, specific to the women's gestational age or the age of the infant and are sent weekly/twice a week free of cost directly to pregnant women and mothers with infants.

The mMitra Voice a call Program is operational at Sukarya's USHA [Urban Slum Health Action] Project, Delhi and Community based Health education and livelihood project in 30 Villages of district Mewat, Haryana.

The total population coverage is around 200000.

Under this program brand ambassadors /SAKHIS has been selected and trained to do following things,

- To identify the pregnant women, new mothers and mother having children below 6 months of age and to enroll them for mMitra voice call service after proper counseling and informed consent.
- To maintain a list of women enrolled with the details of their names, mobile number, area and submit it on a regular basis at the time of reporting.
- To do follow-ups with women, in case they have DND activated on their mobile phones or for any other reason as instructed by ARMMAN or by Sukarya personnel.
- To conduct visits to the women's homes for data validation, in case of forms found with incorrect or incomplete information.

Women Empowerment & Livelihood

"Promoting women entrepreneurship and livelihood through SHGs in the villages".

This is Sukarya's flagship program, operating for the last 11 years. The program aims to empower rural women through SHGs and livelihood initiatives. These women have acquired skills in the grinding, processing and selling of spices and cereal. Efforts are being made to help them become sustainable women entrepreneurs.

Currently, the program is operational in Gurgaon, Faridabad & Mewat Districts of Haryana. Project Duration - 1 year [yearly extension].

Population coverage - 100,000 approximately.

Rural women has been trained & involved in 3 trades/product line

- 1. Spice and cereal processing unit Paper bag manufacturing 2.
- 3. Liquid soap [Dish cleaner]

For liquid Soap [Dish Cleaner] Manufacturing, we have partnered with Enactus-An international Non-Profit Organization along with LSR [Lady Shree Ram College], Delhi.

During the previous final year April 2015 to March 2016, one liquid soap manufacturing unit has been established at Village Manger, Faridabad. Similarly, 7 paper bags manufacturing unit is being run across 6 village of district Mewat and 1 village of district Faridabad, Haryana.

Under the spice & cereal processing unit rural SHGs women are inducted as trainees to acquire module-based theoretical and practical knowledge. This includes skills and exposure on storekeeping, food processing, packaging, selling/marketing, accounting and other aspects of entrepreneurship. The objective is to help them develop entrepreneurial skills so they can earn their livelihood.

Program is directly reaching around 700 women [approx. 4000 family members] through 50 SHGs across the villages of district Gurgaon, Faridabad and Mewat.

ANNUAL REPORT - 2016

SCPU - Spice and Cereal processing unit

KEY ACTIVITIES INCLUDE

- Formation & strengthening of SHGs
- Provision of skill-based training e.g. Spice and cereal processing, liquid soap manufacturing and paper bag making.
- Entrepreneurship building
- Economic empowerment through income generation/livelihood activities
- Social empowerment through life skills and awareness sessions
- Health and microfinance integration
- Promotion of health and nutrition through SHGs

Eduation on Wheels Program for Slum Children

Education on wheels [EOW] is a unique program where the school comes home. EOW is a well equipped bus with computers, TV and other essential education related materials.

This unique and innovative model in education was introduced in 2015 in order to reach out the children living in vulnerable conditions with no access to education and leaning environment.

The project is innovative in its approach by providing multi grade teaching, in which children of different age groups and the different level of learning are taught together by experienced teachers who use special methods and techniques to make learning easy and enjoyable.

The Education on Wheels [EOW] Program is being implemented in slums of Gurgaon. It aims to educate 120 enrolled children on a daily basis through NFE [Non-Formal Education] and Remedial classes. These children appear through OBE [Open Basic Education] Examination on an annual basis and are being mainstreamed with Government schools.

A well equipped bus along with teachers and support staff moves to specified slum locations and conduct classes. The objective of the program is to educate slum children, bring them back to the mainstream of curriculum based education and help fulfill their dreams of becoming responsible citizens of tomorrow. Currently project is supported by IGEP [Indo- German Export Promotion], Germany.

Project implementation area- Slum locations of Gurgaon [Saraswathi kunj & Neemthala slum Near E Block Sushant Lok and DLF Phase-5].

KEY COMPONENTS OF THE PROGRAM

- Monthly Parent-Teacher Meetings to discuss the progress of the children
- Health Clinic for regular health check ups for the children
- Annual and Monthly Examination to measure children's learning ability
- Life skill workshops to enable them to move forward
- Screening of inspirational movies to motivate them
- Exposure Visits to make children experience a new environment where they can apply their learning to the real world
- Scheduled Home Visits to follow up and establish rapport with childrens' family
- Mainstreaming of children in to the government schools
- Making them prepare for the Open Basic Examination
- Regular Computer classes to make them computer literate
- Celebration of Important festivals and national holidays to familiarize them about the multi facet cultural diversity of the society we live in and to be the proud citizens, respectively.
- To explore latent talents through sports meet, music, dance, painting and other activities.

Model Village - Integrated Rural Development Program

India lives in its villages and with this concept in mind Sukarya has resolved to improve the socioeconomic condition at the village level. Its Integrated Rural development Program focuses on this aspect which Sukarya strives to achieve.

This program is the replication of previously implemented successful project at village Manger of Faridabad and it is supported by Bird Group.

This particular program aims to develop and design community based integrated sustainable development program to improve health, nutrition, sanitation and livelihood status of the village with special focus on women, children and youths.

Implementation Area	:	[Neemli, Plasli & Lapala villages] of Block Tijara, district Alwar,				
		Rajasthan.				
Population Coverage	:	15000 approximately.				
Project Duration	:	3 yrs [December 2015 to November 2018].				
Main Objectives	:	To transform these three villages into sustainable model villages by improving the status of maternal and Child health nutrition hygiene and sanitation.				

The goal is also to generate the livelihood options, build the capacity of youths / villagers, Link government schemes and services with community [NRHM, JSY, NRLM, PMJDY, SJGSY, IRDP, PMAGY, SBA, Health & ICDS Schemes etc.], Improve the knowledge and awareness about healthy behavior & practices

KEY SERVICES

Health clinics and health awareness sessions, nutrition demonstrations, vocational training for youths, computer education, English classes, PRI training and Skill training for rural women.

ANNUAL REPORT - 2016

ENVISAGED OUTCOME FOR THE PROJECT

- Maternal and child health status [Immunization, ANC, PNC, Institutional delivery, Exclusive breast-feeding, colostrums feeding and child nutrition] right practices will be improved.
- Overall improvement is expected on the aspects of health, nutrition, sanitation & livelihood for the village.
- Knowledge, awareness and opportunities for youths will be enhanced through skills based trainings [computer, English & Life skills].
- Overall knowledge and awareness of community will be increased.
- PRI member's knowledge, awareness regarding government schemes and services will be increased and their capacity would be enhanced to get things done through government systems /service providers.
- Socio-economic Status of women will be improved through SHGs and income generation activities.
- Program sustainability would be ensured through formation and activation of village level committees by linking them with government schemes and services.

<u>Our Team</u>

28

Our team comprises of professionals from different walks of life- finance, media, human resources and social work, all coming together united with the vision of providing better health care to the underprivileged. We are extremely grateful to our panel of consultant doctors and nutritionists without whom, our work would be nothing.

We are also extremely grateful to the many volunteers who have devoted their time and skill and helped us reach where we are today.

MANAGING TRUSTEES & BOARD MEMBERS

Ms. Meera Satpathy Chairperson and Managing Trustee

Sukarya was born out of the vision of a single person, Meera Satpathy. As the principal visionary of Sukarya, she has been the main force behind the efforts, galvanizing the organization and steering the work in the required direction.

As founder and Managing Director of Pearl Advertising Agency, she spent many years in Delhi witnessing the challenges that people living in slums around the city faced in accessing basic health care services. That people were denied their basic right to good health, only because they did not have the means to access it was completely unacceptable to her. Hence along with the support of a few friends she set up Sukarya to empower the underprivileged persons living in the slums and villages of Delhi and Haryana so that they could access quality health services.

Ms. Kum Kum Bhatia

Ms. Bhatia has over 25 years experience in the travel trade. She is a part of a leading travel and leisure firm in India. She joined Sukarya due to her keen commitment to the larger issues of society and because of the will to want to do something for the underprivileged. She works closely with the Chairperson, contributing to program design and fundraising.

Ms. Renu Sood

Ms. Sood is a Human Resource professional with over 20 years experience in the field. She heads a reputed Human Resource Consultancy

Internship Management

We offer internships to students of management and social work institutes. The students get a platform to acquire practical skills by getting involved in activities that range from project implementation to documentation.

STUDENTS GET INVOLVED IN 2 WAYS

1. Summer internship

30

2. Field placement during the Master and Bachelor course e.g. MSWs, Development studies, MBA & BSWs.

During these sessions, Interns came from the following institutes,

- Department of Social work, Pondicherry University, Pondicherry
- Department of Management, Maharaja Surajmal Institute, Delhi
